

*We are the  
KVM Experts!*

## Art School Application

*In conventional art school courses, the teacher has to approach students to give a one-on-one instruction whenever they need assistance. The Covid-19 pandemics also brought inconveniences to people's connection, including the teachers and students at schools. This application not only keeps safe distance among people but also increases the tutorial efficiency. UNICLASS had led the KVM industry with versatile solutions for more than 26 years in +35 countries around the world. We hope you enjoy your life and love our innovations!*
